

FAB Sheet – Aspect Eco

FEATURES	ADVANTAGES	BENEFITS
Choice of wattages 10-51W	Wide range of options to suit application	Optimised lighting designs reducing costs
LED colour temperatures: PC-Amber, 2200K, 2700K, 3000K or 4000K	Range to suit various applications PC-Amber available	Optimised lighting Ecology friendly lighting
Projected LED lifetime L90 after 100,000 hours	Reduces maintenance	Maintenance cost and time savings
High quality LM6 aluminium alloy body with polyester powder coat. Stainless steel fixings and inserts.	Strong product 1000 hour salt spray resistant	High durability Corrosion resistant – longer lasting luminaire
Replaceable IP66 LED modules and replaceable gear tray without the need for tools	Easily serviceable Simple to upgrade Easy access	Provides a long-term installation Minimal future costs No tools required
Coloured optical distribution identifier	Clarity of which lenses are in use	Quicker and easier identification
PMMA lenses	High light transmission Durable material	Clear lighting Longer life
PowerSet feature (integral lumen and power output selection device)	Easy onsite adjustment No re-programming required	Reduced stock holding Less disruption Time and cost savings
Optional dimming and lighting controls	Variable controls Simple upgrades	Increased levels of energy savings Minimal future costs
IK10 (body), IK08 (lens) and IP66 ratings	High impact resistance and ingress protection No dust traps	Longer life Less repair works and costs Easier maintenance
5kg weight - smaller in size	Compact and lightweight luminaire	Unobtrusive to 'street-scape'
Circular economy design	Easily replaceable key components	Reduced maintenance and costs More sustainable product
UMSUG coded	Separate meter not needed - charging can be included in authorities' overall inventory and single bill	Reduced administration
Manufactured in Britain	Parts required are readily available	Quicker resourcing and assistance
Minimum 10 year warranty	Risk to the contractor and client is reduced	Peace of mind from the backing of an established manufacturer
