

FAB Sheet – Aspect Mini

FEATURES	ADVANTAGES	BENEFITS
Choice of wattages 10-50W and colour temperatures (3000K or 4000K)	Wide range of options to suit application	Optimised lighting designs reducing costs
Projected LED lifetime L90 after 100,000 hours	Reduces maintenance	Maintenance cost and time savings
International Dark-Sky Association approved	Dark-skies compliant when using a colour temperature of 3000K or below at 0° degree tilt	Can be used in dark-sky applications in order to protect the night sky from light pollution
High quality LM6 aluminium alloy body with polyester powder coat. Stainless steel fixings and inserts.	Strong product 1000 hour salt spray resistant	High durability Corrosion resistant – longer lasting luminaire
Toughened flat glass cover (optional)	Vandal resistant	Less repair works/costs
Replaceable gear tray without the need for tools	Easily serviceable Simple to upgrade Easy access	Provides a long-term installation Minimal future costs No tools required
Universal shield arrangement	Shields can be retrofitted on site to direct the lighting	Quick installation Manage obtrusive light
PMMA lenses	High light transmission Durable material	Clear lighting Longer life
CLO (constant light output) available	Lumen output remains at 100% for 100,000 hrs	Energy savings Reduced maintenance Cost savings
PowerSet and PowerSet Pro features (integral lumen and power output selection device)	Easy onsite adjustment No re-programming required	Reduced stock holding Less disruption Time and cost savings
Optional dimming and lighting controls	Variable controls Simple upgrades	Increased levels of energy savings Minimal future costs
IK10 (body), IK08 (lens) and IP66 ratings	High impact resistance and ingress protection No dust traps	Longer life Less repair works and costs Easier maintenance
4.2kg weight - smaller in size	Compact and lightweight luminaire	Unobtrusive to 'street-scape'
UMSUG coded	Separate meter not needed - charging can be included in authorities' overall inventory and single bill	Reduced administration
Manufactured in Britain	Parts required are readily available	Quicker resourcing and assistance
Minimum 10 year warranty	Risk to the contractor and client is reduced	Peace of mind from the backing of an established manufacturer
